

Partner Integrations

AutoHub partners with **KBB** for trade-in value comparisons to customers and **CARFAX** for adjusting the offer price based on vehicle history.

autohub Online Offers

Value Your Trade Widget

White-labeled widget seamlessly integrated within your website and aligned with branding and styling. Customer can enter vehicle make/model details, VIN, or license plate to generate offer range.

Remote Appraisal via SMS

Enter a customer's phone number to request a remote appraisal. AutoHub sends a personalized text link guiding the customer through capturing vehicle details, photos, and mechanical condition - everything needed to value the car from their driveway.

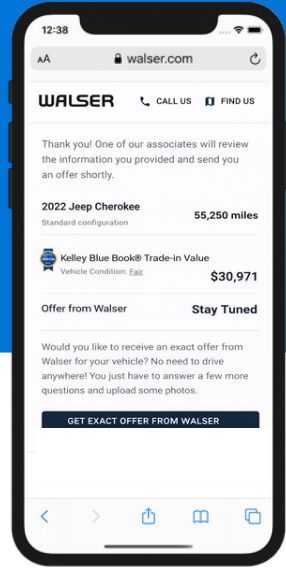

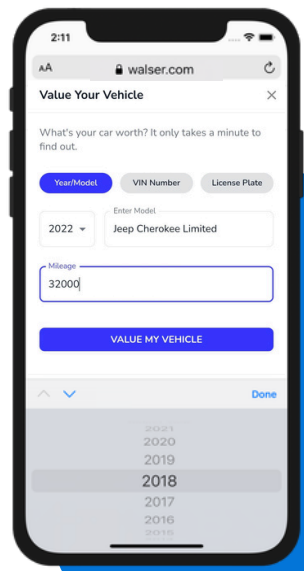

Two-Way Offer Communication

Two-way texting platform powered by AI to automatically provide customized offer range leveraging your targeted pricing rules and vehicle acquisition priorities.

100% Verified Leads

A simple verification code process ensures all leads have a valid mobile phone so the dealer can engage and convert real vehicle owners.
